Administration

SUSPENSE DATES AND REPORTS SUBMISSION

1. It is the policy of California Wing that Group Commanders may ground or place their subordinate units on an administrative freeze for not timely submitting required reports and meeting other published deadlines. Suspense dates conveyed through e-mail are considered as published. Administrative freeze includes suspension of administrative and personnel actions, withholding financial support and reassignment of assets, as applicable.
2. The Wing Commander would have this option for the Groups.
